11 For, lo, the winter is past, the rain is over and gone;

12 The flowers appear on the earth; the time of the singing of birds is come, and the voice of the turtle is heard in our land;

SONG OF SOLOMON 2:13

13 The fig tree putteth forth her green figs, and the vines with the tender grape give a good smell. Arise, my love, my fair one, and come away.

41-3 THE.REVELATION.OF.JESUS.CHRIST -
CHURCH.AGE.BOOK CPT.1

We then see that when these last of Israel have been joined in love to the Lord, and the enemy has been destroyed, God will prepare His holy mountain, His new Garden of Eden for the bride and His and her attendants for the thousand year honeymoon upon the earth. As Adam and Eve were in the garden and did not finish out the thousand years, now Jesus our last Adam, and His Eve (True Church) will fulfill all the plan of God.

78.....Genesis 1, "The earth was without form, and void, and water was upon the deep. The Spirit of God moved upon the waters, said, 'Let there be light.'" God separated then the land and the water, which made the earth. **But the whole earth was covered over.** Now, what He did, He just through the atmospheres, He just... Atmosphere is... The atmospheres is

filled with hydrogen, and oxygen, and so forth. Then He just lifted it up off the earth and separated it. There was no sea on the earth then. God watered the earth, didn't even come rains. He watered it through springs and things, irrigation. Then when He... Only thing He did then...

When man blowed it out of its orbit, out to one side, what happened? It throwed it back in the heat down here, and the cold up there. And hot and cold, what accumulates? Feel it here on them windows right now, hot in here and cold outside. See the sweat? And rain is nothing but sweat, perspiration. And water is ashes.....

65 Now, we got two--three different calendars. We go back to the old astronomy calendar, and we find out that in the Julian calendar there is 365 1/4 day in a year. They timed that by the passing of Sardis and the different stars and so forth, they timed it. Now, we find in the Roman calendar, that we live under now, 365 days in a year by the calendar. But in the Christian or prophetic calendar we find there's only 360 days in a year. Now, you might wonder how this confusion come about. Now, this I can only say as myself speaking. I believe that back before the antediluvian destruction, back in the days of Job and so forth, that they kept the time by the stars, and we understand--or back **before that time that the world stood upright.** And then in the sin of man, the overflow of the world, and it tilted and the floods came; therefore, we have the great ice glaciers and so forth; and all the top and bottom of the earth is full of ice. We know that. **And the earth does not set straight up; it sets tilted. That shook it out from where the moon and stars, where they was looking at, and misplaced then, or--or you could not keep time by it any more, because it's setting lopsided--setting tilted back.** Therefore, it would not hit them stars at the same time, because it's--it's out of cater to them stars.....

An international team led by scientists from the Goethe University and the Biodiversity and [Climate Research](#) Centre in Frankfurt, Germany, has discovered an intense warming phase around 52 million years ago in drill cores obtained from the [seafloor](#) near [Antarctica](#) — a region that is especially important in climate research.

The study published in the journal Nature shows that tropical vegetation, including palms and relatives of today's tropical Baobab trees, was growing on the coast of Antarctica 52 million years ago. These results highlight the extreme contrast between modern and past climatic conditions on Antarctica.

The [Sahara](#) is the world's largest hot desert. At over (3,500,000 square miles), it covers most of Northern Africa, making it almost as large as the United States or the continent of Europe. The desert stretches from the Red Sea, including parts of the Mediterranean coasts, to the outskirts of the Atlantic Ocean. Some of the sand dunes can reach (600 ft.) in height. Mixed in with the oceanic sands there are large rock formations, boulders, stones and pebbles.

It wasn't always a vast desolate ocean of sand; around 5,000 years ago it was a very different terrain. It was a sub-tropical paradise a lush, green wonderland of lakes, vegetation, where deer, hippos and elephants were hunted and giraffes and rhinoceros roamed the area. With a plentiful supply of food, thousands of hunter-gatherers flocked to live in this lush savannah.

These facts are evident from the discovery of hundreds of human graves and numerous [rock paintings](#), depicting people hunting and even swimming. Furthermore, radar images taken by the NASA space shuttle show that

beneath the sand are [networks of rivers](#), once spanning the entire Sahara. North Africa was once alive with people! What happened to this lush green world?

Beneath the sands of the Sahara Desert scientists have discovered evidence of a prehistoric megalake. Formed some 250,000 years ago when the Nile River pushed through a low channel near Wadi Tushka, it flooded the eastern Sahara, creating a lake that at its highest level covered more than 42,000 square miles.

The Sahara, which covers nearly a third of Africa, was once a lush savanna, teeming with wildlife, fish-filled lakes, and ancient humans. "Between 10,500 and around 5,550 years ago, it was a good place to live," says [Stefan Kröpelin](#), a geoarchaeologist at the University of Cologne in Germany, who has spent the last 30 years leading excavations in the eastern Sahara, a region that until recently has been largely unexplored.

Kröpelin and his colleague Rudolph Kuper have unearthed hundreds of geologic samples and more than 500 archaeological artifacts—everything from animal bones to cave art—at over 100 sites.

Scientists have found what might have been the ideal ancient vacation hotspot with a 74-degree Fahrenheit average temperature, alligator ancestors and palm trees. It's smack in the middle of the Arctic.

First-of-its-kind core samples dug up from deep beneath the Arctic Ocean floor show that 55 million years ago an area near the North Pole was practically a subtropical paradise, three new studies show.

The scientists say their findings are a glimpse backward into a much warmer-than-thought polar region heated by run-amok greenhouse gases that came about naturally. "Imagine a world where there are dense sequoia trees and cypress trees like in Florida that ring the Arctic Ocean

Antarctica is the coldest, most desolate place on Earth, a land of barren mountains buried beneath a two-mile thick ice cap. Freezing winds batter its shores while week-long blizzards frequently sweep its glaciers. Yet this icy vision turns out to be exceptional. For most of the past 100 million years, the south pole was a tropical paradise, it transpires.

"It was a green beautiful place," said Prof Jane Francis, of Leeds University's School of Earth and Environment. "Lots of furry mammals including possums and beavers lived there. The weather was tropical. It is only in the recent geological past that it got so cold."

As far as vacation destinations go, Antarctica isn't much. Most of its surface is covered by a layer of ice [a mile thick](#), and it experiences the lowest temperatures ever recorded on Earth. But millions of years ago, it was a tropical paradise compared to now, at least. At that point, it was covered not by ice, but by trees, and scientists are uncovering the fossil evidence of those long-dead forests today.

Said, "Before that great and terrible day of the Lord shall come, the world will be burnt up with a fire," Malachi 4, and said, "The righteous shall walk out upon the ashes (the volcanic ashes) of the wicked," in the millennium. That's right. But before that day come, He said, "I'll send Elijah that'll restore the faith of the people back to the fathers. [Blank.spot.on.tape-- Ed.]

723-177.....at the return of the church and the Bride, the Bride and Christ shall walk out upon their ashes in the millennium, **when the earth is purified by fire.** And there they shall reign. And the heathens that's never heard the Gospel shall be raised in that time, and the sons of God will be manifested. If he's to reign, he's got to have something to reign over; he's got a domain. "And they ruled and reigned with Christ," and Christ ruled with a rod of iron the nations. Then the Gospel... Then the manifested sons of God with the authority just like He had when He was here (See?), there will come the millennium in that reign (See?), upon the ashes.

E-46 God put people on the earth, man to control the earth. The Bible said that a man is a god. Did you know that? He sure is. Jesus said, "Is it not written in your laws, that you are gods?" And if they're gods, the prophets, who in the Word God came to, how can you condemn Me when I say, 'I'm the Son of God?'" See? They're--they're--they're gods, fallen gods. They get a domain, the world. They're supposed to take care of it. The trees and the animal life, **everything's waiting for the manifestation of the sons of God, when they'll be manifested on the earth.** Oh come, Lord Jesus, is my prayer. Oh, for the great millennium when they'll be manifested. We're getting ready now for this time to come. The church has got to get ready.

REVELATION.CHAPTER.FIVE.1_ JEFF.IN ROJC 717-746
SUNDAY_ 61-0611

103.....we know that--we know that the whole creation groaneth and travaileth in pains together until now. And not only they, but ourselves also, which have the firstfruits of the Spirit, even we ourselves groan within ourselves, waiting for the adoption, to wit, the redemption of our body. Oh, do you see it? "All creation is groaning," said Paul. Everything is groaning. Look at the trees how they struggle. Look at the flowers how they struggle for life, just for the frost to tear them down. Look at the trees how they struggle to hold their branches out to sing glories unto God. See? Everything, all nature, all animals, all birds, how he flies from the enemy quickly and gets away, everything groaning. "And we ourselves," said Paul, "we groan too with them, for we're waiting for the redemption of our body."

REVELATION.CHAPTER.FIVE.1_ JEFF.IN ROJC 717-746
SUNDAY_ 61-0611

108 We are waiting for the fulness of adoption. **This will take place when? At the first resurrection.** That's when our bodies will be changed from these vile creatures that we are and we'll have a body like His own glorious body, for we shall see Him as He is, and we will be like Him. When He appears, we appear in

His likeness. We'll have a body like His, a glorious glorified body, **and all the trials and struggles of life will fade off into a little mist and blow away to never be no more.**

And these earthly tabernacles which we now groan in, we are waiting for that earnest--that earnest for the salvation fully in its fulness to come. But now in these tabernacles of clay we have something that tells us that we have raised up so far. Amen. What is the Earnest? It's the little down payment that holds it, Brother Dauch. It's the Earnest.

79-3 {75}.....For we know that the whole creation groaneth and travaileth in pain together until now.

THE.BREACH.BETWEEN.THE.SEVEN.CHURCH.AGES.AND.THE.SEVEN.SEALS_ JEFF.IN SUNDAY_ 63-0317E

79-4 {77} Oh, my, oh, my. Don't that make us old folks feel good? It ought make us all feel good, waiting for this hour. **We understand this will take place at the first resurrection.** See, nature is groaning; we are groaning; everything is groaning, because we realize there's something not right. **And the only way you can groan and wait for it, is because there has been new life come in here that speaks of a new world.**

THE.BREACH.BETWEEN.THE.SEVEN.CHURCH.AGES.AND.THE.SEVEN.SEALS_ JEFF.IN SUNDAY_ 63-0317E

80-5 {84} Now, these things, that the groaning in our bodies... Did you ever notice a tree how it struggles for life? It wants to live. And you notice a animal, how in--in death, how it struggles. You notice a human being. Everything, nature is groaning. **We in ourselves are groaning. See? We know there's something wrong.** We see from these verses that something has been lost, both to man and earth. Creation of all type has lost something, for we see from this inspired Word that

it's groaning for some reason. You--you don't groan 'less there's a reason for it. As I spoke of the ink, it's a reason.

FAITH.IS.THE.SUBSTANCE_ LA.CA TUESDAY_ 51-0508

E-36 While we're groaning, veiled in **this tabernacle of humiliation**, we have the earnest of our perfect, complete redemption back like we was in the beginning when God created Adam in the garden of Eden. We have a foretaste of glory divine by the baptism of the Holy Ghost, the refreshment coming from the Presence of God to water the Church to make it grow in grace. And when we're sick we have redemption, the blessing, the attributes of the death of Christ. Divine healing as a fore-sign to us that someday this mortal will take on immortality. Yes, sir. JEHOVAH.JIREH_ SAN.FERNANDO.CA THURSDAY_ 55-1117

E-52.....someday we're going out of this tent, this dwelling place, **the tabernacle of our humiliation**, and we're going to be changed, step over on another land where it's purity. And when our feet first touches that blessed land, when the old ship of Zion blows for landing, we rush out, it's going to be all over then. Sickness, and cripples, and afflictions, and everything will

be gone. Old age, death, sorrow, all these natural things that was caused by the curse will be gone forever more. We'll be changed, turned right back.....
